
Ethan Pearce

Software Engineer

High Point, NC 27265

(336) 880-3605

EthanHPearce@gmail.com

SKILLS

- **Languages:** Java, C#, Python, SQL, Delphi, JavaScript, HTML/CSS
- **Frameworks:** Spring, Hibernate, ASP.NET, .NET MAUI, AngularJS
- **Databases:** SQL Server, SQLite, MySQL, Oracle, MongoDB

EXPERIENCE

Forestry Systems Inc, Summerfield NC - *Lead Software Engineer*

NOVEMBER 2023 - PRESENT

- Used Delphi to create and maintain web based inventory management systems
- Managed SQL Server database with data for multi-million dollar companies
- Created an Android Application using C# and .NET MAUI to connect to an embedded device using BluetoothLE
- Managed a team to create Saugus Inventory Management, and Lazer Scale Pocket

Curriculum Associates, Greensboro NC - *Software Engineer II*

OCTOBER 2021 - MARCH 2023

- Developed scalable and high-performance backend services for a web-based application with a vast user base of over ten million users, using Java, Hibernate, and the Spring Framework.
- Leveraged Java's capabilities to write efficient queries and stored procedures, seamlessly interfacing with a MySQL database.
- Implemented a comprehensive testing strategy by creating unit tests and automation tests using JUnit and TestNG, ensuring the quality and reliability of the application.

Elk Products, Hickory NC - *Principal Android Developer*

NOVEMBER 2019 - OCTOBER 2021

- Coordinated with embedded developers to create an efficient interface for a home security system on an Android application
- Utilized Java as the primary programming language for developing the business logic of an Android application.

-
- Ensured scalability, maintainability, and performance of the application through the effective use of Java.

SilkRoad Technologies, Winston-Salem NC - *Software Engineer*

NOVEMBER 2018 - OCTOBER 2019

- Worked in an agile environment to create a web based C# application using .Net, AngularJs, and Entity Framework
- Helped with the grooming and tasking of tickets to ensure client needs were met, and developer capabilities were considered

Corelogic, Greensboro NC - *Application Support*

MAY 2017 - NOVEMBER 2018

- Supported Matrix MLS system, focus on creating, updating, and maintaining web pages
- Used in house "JIPS" programming language to maintain systems, create logic, and format information

Bank of America, Charlotte NC - *Software Developer*

NOVEMBER 2015 - DECEMBER 2016

- Used JavaScript, HTML and CSS to create a user friendly interface, and used JSON to pass data from view to controller
- Worked with Oracle Database using SQL with Hibernate, and ojdbc from a Java program to store and retrieve data

EDUCATION

Lenoir-Rhyne University, Hickory NC - *B.A. Physics*

AUGUST 2011 - MAY 2015

Other Extracurriculars

Alpha Psi Omega Theatre Honors Society, Physics Lab Assistant, Eagle Scout, Science Olympiad, Cross Country, Track, Math Counts
